Welcome Message

Dear Prospective Applicant

The time you have been working towards for the past 12 years has finally arrived, where you will have to make the most important decisions in your life. At this moment you have two decisions to make which is where you want to further your studies and what course you will study.

This process may seem simple but will have long lasting impact in your life. In most cases we all grow up with that particular dream that one day I want to be doctor or a lawyer. These dreams and aspirations are all good to direct our thoughts, however in most circumstances children from disadvantaged areas like myself do not get to be guided early to nurture these dreams. As a result they may find themselves in situations where they choose school subjects that are not in line with their dreams.

The Student Mover Applications NPC is a registered independent company which has been operating since March 2018 whose aim is to reach out to all learners, in particular those from disadvantaged backgrounds. We pride ourselves with providing relevant information and advices to learners, where at the current moment we have managed to assist thousands of learners with efficient tertiary application process. As a company we are not affiliated to any university, therefore we do not prioritize nor advertise any above the other.

Our relationship with some District Department of Education curriculum offices has ensured that we are accessible to teachers and learners.

The Student Mover prides itself with a strong team of Student Assistants spread across the country ready to assist and advise applicants. As an organisation we undertook to reach even the most remote learner through providing necessary support.

The support we receive from some radio stations who from time to time afford us an opportunity to engage with the public assists us a lot, and we will continue knocking at the doors of others that have not yet provided us with such opportunity.

We invite you to send through your application to us as early as possible without waiting for Grade 12 June results in order for them to be assessed for readiness to be submitted to different universities.

Mr Phumlani Nkulwana
Founder and Managing Director

Application Process

Apply online at <http://www.smappl.co.za> or by manual application form. Alternatively, contact us for any further information. You must submit only one application, the application form allows you to choose four different courses and five different institutions, see the list of institutions we provide assistance for. It is in your interest to seek advice about your programme of choice, since this selection may affect your chances of admission by the concerned institution.

When you apply through the Student Mover, your application will be dealt with by the Applications Desk and by the Student Mover Ambassador based at your institution of choice. Our team will ensure to submit an application for you to the maximum of five institutions where you may qualify and is some instances depending on your results may submit to the sixth institution.

NB: It is very important to note that meeting the minimum requirements does not guarantee admission by any institution as applications are dealt with based on merit. An applicant must remember that she/he is competing with many other applicants from different schools for the same limited spaces at any institution. It is for this reason that we encourage early application as in most cases first come first served method may be used by some institutions when considering applications.

Alternatively by requesting a manual application form at the below contacts;

By telephone: 087 265 9097/ 064 023 3960

By email: admin@smta.co.za

By WhatsApp: 064 023 3960

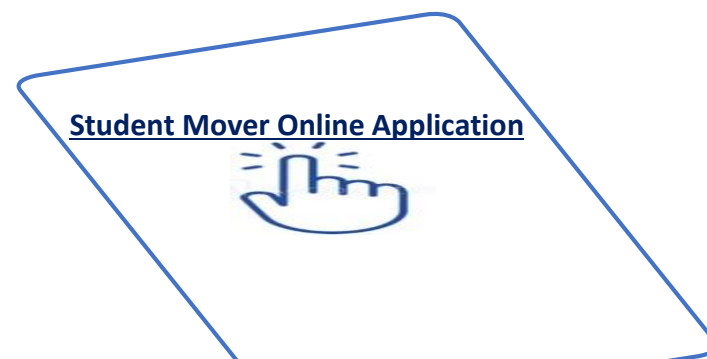

On the website: www.smta.co.za

Send completed applications by email only at applications@smta.co.za

Application must be accompanied by the following documents;

- Certified Applicant's ID/Birth Certificate Copy
- Certified Parent's/Guardian ID Copy
- Certified Grade 11 Final Results (2021 Grade 12 Learner)
- Certified Grade 12 Final Results (Already passed Grade 12)

Points Calculation and Conversion

How to determine your Admission Point Score (APS)

- An Admission Point Score (APS), explained below, has been developed for the National Senior Certificate (NSC) and the Independent Examinations Board (IEB) based on the Achievement Rating of each subject.
- The total APS is the sum of the achievement ratings of the six school subjects. Life Orientation is not counted in the calculation of the APS.
- In order to determine the Admission Point Score (APS) the following principles need to be taken into consideration:

School Subject	Marks	APS
English	65%	5
Other Language	71%	6
Mathematics	61%	5
Accounting	68%	5
History	81%	7
Geography	86%	7

Points Calculation and Conversion

How to determine your Admission Point Score (APS)

- An Admission Point Score (APS), explained below, has been developed for the National Senior Certificate (NSC) and the Independent Examinations Board (IEB) based on the Achievement Rating of each subject.
- The total APS is the sum of the achievement ratings of the six school subjects. Life Orientation is not counted in the calculation of the APS.

Rules to be implemented with this development.

- In order to determine the Admission Point Score (APS) the following principles need to be taken into consideration:
- Applicants with the following results, WAEC, Diplome or Exam D'Etat, Certificado de Habilitscoes Literarias, Ensino Medio and Baccalaureat should be linked with the Ordinary Level (O) Grades on UJ's Student database.
- Applicants with the following results, HIGCSE, NSSC (HL), AS Level, IB (SL) and KCSE should be linked to the South African NSC (N) Grades on UJ's Student database.
- Applicants who have set for either A Level or IB (HL) should be linked to the (A) Grades on UJ's Student database

The image shows the Nelson Mandela University logo overlaid on a photograph of the university's main building. The logo is in a white box at the top center. The building is a large, modern structure with a prominent red brick section on the left and a taller, more complex concrete structure on the right. The sky is blue with some light clouds. The foreground shows a green lawn and a paved area.

NELSON MANDELA
UNIVERSITY

Nelson Mandela University

Admission Requirements

- The table below explains what the minimum statutory requirements for each qualification level are (Higher Certificate, Diploma or Degree).
- The university has also set its own additional minimum entry requirements.

Qualification	Minimum statutory entry requirement
Higher Certificate	Pass the NSC, with a minimum of 30% in the language of learning and teaching of the higher education institution, together with any other university requirements.
Diploma	Pass the NSC with a minimum of 30% in the language of learning and teaching of the higher education institution, coupled with an achievement rating of 3 (40–49%) or better in four recognised NSC 20-credit subjects, together with any other university requirements.
Bachelor's Degree	Pass the NSC with a minimum of 30% in the language of learning and teaching of the higher education institution, coupled with an achievement rating of 4 (50–59%) or better in four NSC 20-credit subjects together with any other university requirements.

Please note that the achievement of the minimum NSC admission requirements does not necessarily guarantee admission to any programme or field of study at Nelson Mandela University.

How to calculate your Applicant Score (AS)

- First look-up the **Applicant Score (AS)** for the qualification you are applying for – also note any required subjects.
- Your Applicant Score (AS) will be different if you took Mathematics, Mathematical Literacy or Technical Mathematics at school.
- Your Applicant Score (AS) is calculated using six subjects. Please note that Life Orientation (LO) is excluded.
- Write down your Grade 12 subjects and the most recent percentage (%) obtained in each subject (**NO** Gr 12 March results).
- You **MUST** include the results for the following **three fundamental subjects**: **1)** Home language; **2)** 1st Add. Language; and **3)** Maths; **or** Maths Lit; **or** Technical Maths.
- For applicants with seven Grade 12 NSC/IEB subjects, their AS is calculated by adding the percentages for their six 20-credit subjects (**Note** that the Life Orientation percentage is not included as it is a 10-credit subject). This gives a score out of 600.
- For those applicants taking eight or more subjects, their AS is calculated as follows: add the percentages obtained for the three fundamental subjects (the two languages and Mathematics, Technical Mathematics or Mathematical Literacy), plus the percentage(s) for any subject(s) required

by the programme, together with the percentage(s) for the next best / highest subject(s), to a maximum of six subjects.

- In addition, for those applicants from quintile 1 to 3 schools who attain 50% or higher for Life Orientation, 7 additional points are added to their score out of 600 to arrive at their final AS.
- Compare your AS & subject results to the minimum needed for the qualification you want to apply for.
- If your Applicant Score (AS) & subject results are below the minimum required, you will need to consider another qualification for which you do qualify.

The table below provides an example of how to calculate the AS for:

- **Applicant 1** who has 7 NSC Grade 12 subjects, who is applying for a programme with Life Science and Physical Science as required subjects; and
- **Applicant 2** who is applying for the same programme, but who took 8 subjects in Grade 12.
- **Applicant 3** who is applying for the same programme, but who is from a quintile 1, 2 or 3 school.

NSC Subject	Applicant 1		Applicant 2		Applicant 3 from quintile 1 to 3 school	
	% obtained	% used to calculate AS	% obtained	% used to calculate AS	% obtained	% used to calculate AS

Points Calculation and Conversion

How to determine your Admission Point Score (APS)

- An Admission Point Score (APS), explained below, has been developed for the National Senior Certificate (NSC) and the Independent Examinations Board (IEB) based on the Achievement Rating of each subject.
- The total APS is the sum of the achievement ratings of the six school subjects.

Rules to be implemented with this development.

- In order to determine the Admission Point Score (APS) the following principles need to be taken into consideration:
- Applicants with the following results, WAEC, Diplome or Exam D'Etat, Certificado de Habilitscoes Literarias, Ensino Medio and Baccalaureat should be linked with the Ordinary Level (O) Grades on UJ's Student database.
- Applicants with the following results, HIGCSE, NSSC (HL), AS Level, IB (SL) and KCSE should be linked to the South African NSC (N) Grades on UJ's Student database.
- Applicants who have set for either A Level or IB (HL) should be linked to the (A) Grades on UJ's Student database

Points Calculation and Conversion

How to determine your Admission Point Score (APS)

- An Admission Point Score (APS), explained below, has been developed for the National Senior Certificate (NSC) and the Independent Examinations Board (IEB) based on the Achievement Rating of each subject.
- The total APS is the sum of the achievement ratings of the six school subjects.

Rules to be implemented with this development.

- In order to determine the Admission Point Score (APS) the following principles need to be taken into consideration:
- Applicants with the following results, WAEC, Diplome or Exam D'Etat, Certificado de Habilitscoes Literarias, Ensino Medio and Baccalaureat should be linked with the Ordinary Level (O) Grades on UJ's Student database.
- Applicants with the following results, HIGCSE, NSSC (HL), AS Level, IB (SL) and KCSE should be linked to the South African NSC (N) Grades on UJ's Student database.
- Applicants who have set for either A Level or IB (HL) should be linked to the (A) Grades on UJ's Student database

Points Calculation and Conversion

The UFS uses a conversion table to help us consider all applications equally. If you are an international and/or home-schooled prospective student, use the conversion table below to calculate your AP (admission point). The table applies to all examination authorities/bodies in South Africa and internationally (upload international results as symbols).

The conversion table below reflects the minimum admission requirements and is a guideline only. Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee admission, as limited space is available in each programme. Final selection is subject to the availability of space, academic results, and other admission requirements where applicable.

ABBREVIATIONS

% awarded by SU	The percentage in this column is awarded for the symbol or number grade presented by the different systems in the shaded areas
SA NSC	South African National Senior Certificate
HIGCSE/NSSC HL	Higher International General Certificate of Secondary Education / Namibian Senior Secondary Certificate Higher Level
IGCSE/GCSE/NSSC OL/O-Level Gr-11	International General Certificate of Secondary Education / General Certificate of Secondary Education / Namibian Senior Secondary Certificate Ordinary Level Grade 11
IGCSE/GCSE/NSSC OL/O-Level Gr-12	International General Certificate of Secondary Education / General Certificate of Secondary Education / Namibian Senior Secondary Certificate Ordinary Level Grade 12
AS-Level	Advanced Subsidiary Level
A-Level	Advanced Level
IB HL	International Baccalaureate Higher Level
IB SL	International Baccalaureate Standard Level
GERMAN SCHOOL	Abitur
IEB	Independent Examination Board
SACAI	South African Comprehensive Assessment Institute
SC HG	Senior Certificate Higher Grade (completed Grade 12 before 2008)
SC SG	Senior Certificate Standard Grade (completed Grade 12 before 2008)
